

Final Project Check-ins (Homework)

COCS 4560/5560

Modern Robotics

Spring 2018

25% of your Final Project grade will be the average of grades received for your final project status reports. Such reports about the project are due (emailed to ncheney@uwyo.edu) weekly at 11:59pm on each Sunday, starting on Sunday 4/8.

Status reports succinctly describe everything you have done on your project since the last status report. Including papers read, outlines/slides/drafts generated, screen shots of working software, and best of all data from experiments and your thoughts about those data.

Graduate students are no longer required to turn in additional weekly readings reactions in addition to these progress reports – but are encouraged to include relevant readings within the weekly check-in itself.
